

In order that all students and staff have positive experiences, the following are

**Reformation Lutheran Church's  
Behavior Expectations**

**Follow the Golden Rule**

**Treat Others the Way You Want to Be Treated**

- We will encourage students to respect one another. We will strive to provide a safe, loving, caring environment and help youngsters to develop the social skills that are essential for positive learning experiences.
- If a student exhibits unacceptable behavior, one of the adults will talk with the student, stating what is inappropriate and redirect her/him. After several attempts at redirecting and the student does not change the behavior, that student will have a "time out" period based on the age of the student; one minute per age of youngster. Parent(s) will be informed of this action.
- Communication is essential. Parent(s) and Adult Instructors need to decide what is best for the student and the class.
- All words and actions will be positive, constructive, encouraging and non-threatening.
- We are all on the same team and desire all students to benefit from the programs we offer and learn of God's loving care.
